Re: Medley Farm Site - Phase II Remedial Investigation

Dear Mr. Bornholm:

I am writing on behalf of the Medley Farm Site Steering Committee. The Steering Committee intended to submit responses today to EPA's comments on the Work Plan for the Phase II Remedial Investigation at the Medley Farm Site. However, due to unforeseen problems with Sirrine's word processing equipment, we were unable to finalize the responses. Sirrine has guaranteed me that the responses will be available tomorrow. I will submit them to you immediately upon receipt.

Please contact me if you have any questions. I may be reached at 572-3357.

Sincerely,

Amy Magee
Environmental Specialist
